Your message couldn't be delivered to the recipients shown below.

The recipients weren't found at kycccla.org, or the mailboxes were unavailable.

darin Office 365 Multiple recipients
Action Required Recipients

Unknown To address

Couldn't deliver the message to the following recipients:
jmendoza@kycccla.org, lpereira@kycccla.org, WJimenez@kycccla.org

How to Fix It

The email address might be misspelled or it might not exist. Try one or more of the following:

- * Retype the recipient's address, then resend the message - If you're using Outlook, open this non-delivery report message and click Send Again from the menu or ribbon. In Outlook on the web, select this message, and then click the "To send this message again, click here." link located just above the message preview window. In the To or Cc line, delete and then retype the entire recipient's address (ignore any address suggestions). After typing the complete address, click Send to resend the message. If you're using an email program other than Outlook or Outlook on the web, follow its standard way for resending a message. Just be sure to delete and retype the recipient's entire address before resending it.
- * Remove the recipient from the recipient Auto-Complete List, then resend the message - If you're using Outlook or Outlook on the web, follow the steps in the "Remove the recipient from the recipient Auto-Complete List" section of this article <https://go.microsoft.com/fwlink/?linkid=532972> . Then resend the message. Be sure to delete and retype the recipient's entire address before clicking Send.
- * Contact the recipient by some other means, (by phone, for example) to confirm you're using the right address. Ask them if they've set up an email forwarding rule that could be forwarding your message to an incorrect address.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the More Info for Email Admins section below.

Was this helpful? Send feedback to Microsoft [-https://go.microsoft.com/fwlink/p/?linkid=717200-](https://go.microsoft.com/fwlink/p/?linkid=717200) .

More Info for Email Admins

Status code: 550 5.1.351

When Office 365 tried to send the message, the external email server returned an error stating that the recipient is unknown or the mailbox is unavailable. This error was reported by an email server outside Office 365.

If you or the sender can't fix the problem, contact the responsible party's email admin - Give them the error code and error message from this non-delivery report (NDR) to help them troubleshoot the issue. To determine who the responsible party might be, check the error for information about where the problem is happening. For example, look for a domain name like contoso.com. A domain name in the error might suggest who is responsible for the error. It could be the recipient's email server, or it could be a third-party service that your organization or the recipient's organization is using to process or filter email messages.

Although the sender might be able to fix the issue by correcting the recipient address, it's likely that only the recipient's email admin can fix the problem. Unfortunately, it's unlikely Office 365 Support will be able to help with these kinds of externally reported errors.

Hi Everyone,

I just want to inform you all that I will be stepping down as program manager for the BLQ Business Improvement District as of January 31, 2018 to return home to South Dakota to attend to some family business. It has been a pleasure working with all of you these past two and a half years as I was being Pico Union a wonderful place to live, work, and relax.

I am passing the baton to a wonderful gentleman named Moises Gomez who will officially take over the BID Thursday, February 1. Please feel free to contact him and introduce yourself.

His email is moises@lani.org and his phone number is (213) 627-1822 ext. 13.
